## THE MYSPACE OPENER

**Mission:** The MySpace Opener

**Mission Authoring Coach:** Bravo

**Mission Goal:** Test the MySpace Opener

**Description:**

This actually happened to me, a waitress tracked me down and messaged me on MySpace after she lifted my name off of my credit card! The next weekend I began to use this as an opinion opener, what they thought I should do, message her back or ignore it. The first night after it hooked better than I could have imagined, I broke it down and realized why this was so effective. This can be varied and used many different ways (general DHV story), but for this mission we are testing this as an opener.

**Rationale:**

I like to do as little work as possible, wait that makes me sound lazy. I like to be as effective as possible while exerting the least amount of energy. Openers that I like running contain DHV (demonstration of higher value) spikes, two birds with one stone. Many do not know how to properly do this. I have seen guys who look like they have never had a date in their life mention to woman that their X was a stripper or model, when no one for a second would believe that! So this is more realistic for many people and thus far has never failed me in getting a great conversation going. This was released to the Stylelife students and many had great results along with my amazing results, but will it work for others? So in true Pick Up Labs fashion I am putting this up to test, to see if it makes the cut!

**Instructions:**

I prefer using this opener in mixed sets. Sets with a few girls and one guy are my favorite. Usually the guy is not with any of the girls but if he is it is only one of them. (if not ask him for tips!) The way I open them instantly disarms him and gives him respect; I have never had a guy in set react negatively when I start it this way. By asking about another girl, you do not convey to the girls you are talking to that you are hitting on them. In addition the guy almost feels honored that you are asking for "girl advice" from him! (Think how it would feel for you if this happened) You can open straight sets or single sets, but below I give a mixed set example.

It is a great way to get a girl and guy discussion going. Then once I flip the gender, some give a different response, which then lets you take this further. After it is done and I get some advice I thank them, tell them how cool and smart they were, and ask how they all know each other, or what the occasion is tonight. Then game away!

### The MySpace Opener:

WOW, three girls and only one guy, you are my hero man! I need to learn from you!

Hahaha!

Actually you know what you guys may be the perfect people to ask, something happened the other day and I am not sure what to do. You guys all look smart and you are a ladies' man ;), this will only take like twenty seconds.

I was out with friends at this kick ass restaurant. A nice sized group of us, guys and gals, for a friend's birthday, and our waitress was REALLY hot, and seemed cool as hell! Well throughout the night I was working my "mojo", laying it on REAL thick (laughing/smiling this always gets them smiling), and we were really hitting it off, and at the end of the night I was very close to getting her number, but didn't because I thought she might of been flirting back for a bigger tip.

*\*Many times if the group is hooked they will finish that sentence before I can*

It's time to pay and I just put the bill on my card, it's her birthday and then we leave, I just figured next time I am in there I will see how it goes and THEN get her number.

Well two days later I get a message saying how cool we all were and how much she would like to meet me from her on MYSPACE. Apparently she copied my name off my Credit Card and looked me up!!!!???

*\*Usually this is when they all kind of freak and go OOOOOHHHH that's CREEPY or that's so cool or whatever. Then I say I haven't responded back and don't know if I will.*

*\*This is where the discussion takes place.*

*\*I have had guys say "call her up! She wants to get laid!" I always respond, "ya I don't have trouble meeting girls, I just don't know if this means she may really like me or is a touch of the crazy." That then shows the girls that I am not just about sex and the guy who said this lowed his value.*

Then I ask if a GUY does this is it is a STALKER MOVE (crazy how many girls have told me that they had guys do shit like this when I bring this up which then puts us on common ground), but if a girl does, it is OK?? Then I bring up how that is a double standard.

I always close with how it is not really HER fault, I mean LOOK AT ME! She had NO control!!!

Then everyone laughs.

## THE MYSPACE OPENER

\*One time a guy came into the set as I was running this and tried to screw with me when and asked me right when I finished the opener, "How old are you"

I said what?

He repeated and I said "why do you want to know???"

He says" ONLY GIRLS THAT ARE LIKE 19 TO 24 GET ON MYSPACE!!!"

I said "ya??? That is the type of girls I like!" Girls in the set looked like around 24-26, and they all laughed

He then said "YA me too man!" but now looked like a tool!

A funny thing started happening when I began using this routine. Girls who I ran it on would come find me throughout the night and tell me NOT to contact this girl! That I should find a normal or cool girl (of course like them). It was then I realized how this opener conveyed so much, such as pre-selection, social proof, that I had enough money to pick up a bill, that I have male and female friends, that I am not just looking to get laid, that I am experienced enough with women that I am the one to choose whether to contact them back or not, and it is also a great way to seed a MySpace exchange.

You can change MySpace to Facebook if you want.

I don't want to read anything like "but this didn't happen to me." Test it the way it is, don't change it. If you decide to add it to your toolbox you can always tweak it or say this happened to a friend, we are friends aren't we?

### **Testing the MySpace Opener:**

1. Does it open successfully?
2. How difficult is this routine to master?
3. Did you get called out on using this routine?
4. What is the hook point strength of this routine?
5. Rapport building strength?
6. Your PUA-AFC level?
7. Number of times tested?
8. Any additional insight?

## THE MYSPACE OPENER

### Reason to test:

This opener that I developed pretty shortly after starting this journey has served me extremely well. Maybe this only works because I am kind of good at this stuff? Will it work as well for newer guys? What about guys who have a less Alpha style as me? This week we find out!

### Follow up:

Come back to [www.PickUpLabs.com](http://www.PickUpLabs.com) and post after you test the MySpace Opener this weekend. Post links to any audio or video you were able to capture. Post your results and your findings on the 1-8 list above and use a 1-5 scale by the end of the day Monday. Tuesday there will be a new post where we crunch all of the data and either give this routine the Pick Up Labs stamp of approval or mark it as unapproved.

Since we are all building this from the ground floor add any addition thoughts in the comment section as well for the routines.
